Legislative Update, January 22, 1991

House Week in Review

The outbreak of war in the Persian Gulf postponed the delivery of the annual State of the State address by Gov. Carroll Campbell last Wednesday. But the House spent time Tuesday and Thursday introducing bills and debating changes to the House rules.

Among the rule changes agreed to by the House last week were:

- Prohibiting pledges from being sought or given by House members to candidates for legislatively-elected offices until all the candidates for the office have been screened and qualified. The House voted 84-13 to approve this rule change.
- Prohibiting House members from receiving any monetary honoraria for speaking before public or private groups when acting in an official capacity as members of the House. The House voted 78-1 to approve the change.
- Requiring the House Ethics Committee to publish advisory opinions when a written request is made to the chairman. By a 89-0 vote, the House approved the change.
- Requiring five objections, instead of the current three, to place a statewide bill on the House contested calendar. This proposal brought protracted debate by the House which considered other proposals that would raise the number of objections needed to seven or four. In the end, the House compromised on five objections for statewide bills. It refused to table this compromise amendment by a 51-53 vote and then approved the measure.

The House refused to change the rules denying former House members and sitting senators access to the House floor. H.3213 proposed prohibiting former House members, acting as lobbyists, and sitting senators and former House members who are running for legislatively-elected offices, from coming on the House floor without special permission. The House tabled the proposal by a 67-36 vote.

Legislative Update, January 22, 1991

Bills Introduced

The following bills were introduced last week in the House. Not all bills introduced in the House are featured here. The following bills are arranged according to the House standing committee to which they were referred.

Education and Public Works Committee

Basic Skills Exam (H.3230, Rep. McAbee). Under this legislation, the state Superintendent of Education would have the discretion to direct a college teaching program to take a student studying special education who has not passed all segments of the Basic Skills Examination. The legislation states that if a student interested in special education study has taken the Basic Skills Examination and passed all portions but one, the State Education Superintendent can direct a teacher education program to accept the student anyway.

Public School Discrimination (H.3247, Rep. Manly). This legislation would amend the current state statutes to include gender as one of the factors against which discrimination in public schools is prohibited. The present state law says that no person can be refused admission to a public school in South Carolina on account of race, creed, color or national origin. This legislation would add gender to that list, thereby making it unlawful for a public school in South Carolina to refuse to admit students because they are female or male.

Application Period for Home Schooling (H.3252, Rep. Rudnick). Students seeking authorization to be home schooled would have to attend school during the application and appeals process, under this legislation.

Legislative Update, January 22, 1991

Committee to Study Offering Vocational Education at an Earlier Age (H.3259, Rep. McLeod). This proposed six-member committee would study whether vocational education should begin in the 9th grade instead of the 11th grade. The study could not exceed one year and its report will be presented to the General Assembly. The committee members, all legislators, would not be compensated for their service on the committee but would be allowed per diem, mileage and subsistence.

Paying for Remedial Education (H.3260, Rep. McLeod). Under this legislation, remediation for students in higher education institutions would be paid for from funds from the Department of Education for secondary schooling and would not have to come from the funding appropriated to the colleges, universities or TEC colleges.

Judiciary

State-Run Primaries (H.3207, Rep. Waites). This bill is among six additional bills to be endorsed by the Lieutenant Governor's Ad Hoc Committee on Ethics. Under this legislation, the State Elections Commission, not the political parties, would run the primary elections. The bill also seeks to move the primary election date from June to the second Tuesday after the first Monday in September. The filing periods are also changed to correspond to the proposed September primary date. While the state and county election commissions would take over the running of primaries, the bill would not prohibit the political parties from conducting presidential preference primaries.

Shorter Legislative Sessions (H.3208, Rep. Waites). This is another bill receiving the endorsement of the ad hoc committee on ethics. Under this joint resolution, the General Assembly would convene on the second Tuesday in February instead of the current second Tuesday in January. In State Senate election years, the Senate would have to hold an organizational session prior to the opening of the General Assembly as is now constitutionally required of the House. This proposed constitutional change would have to go before the voters in a statewide referendum if passed.

Ticket Fixing (H.3209, Rep. Waites). This legislation would prohibit any elected or appointed official from using his office to cancel, revoke or influence the results of a traffic ticket. Violations would be a misdemeanor punishable by up to three years in jail.

Legislative Update, January 22, 1991

The convicted official also would have to forfeit his office. This is another bill to receive the endorsement of the ad hoc committee on ethics.

Legislative Executive Sessions (H.3210, Rep. Waites). This legislation would change the law to require that before any chamber of the General Assembly went into executive session, it must have the approval of two-thirds of the membership present and voting. The House already requires such a vote in House rules; the Senate does not.

Initiative Petition (H.3211, Rep. Waites). This proposed constitutional amendment would establish the authority for citizens to initiate a law or constitutional amendment by a petition. The petition must be signed by no fewer than 10 percent of the qualified voters eligible to vote during the last general election. The petition would be presented to the State Election Commission at least 60 days before the next general election. If the commission verifies the petition, then the proposed law or constitutional amendment would go before the electorate at the next general election. If a majority of the voters approve it, it would become law. This is another proposal receiving the endorsement of the ad hoc committee on ethics.

Campaign Reporting (H.3248, Rep. Rudnick). Under this legislation, candidates would be required to report their campaign finances at least ten days before the election. If individual contributions of \$1,000 or more are received after the pre-election report is filed, a supplemental report of the contribution must be made within 24 hours. Candidates unopposed in a primary election would not have to file post election reports.

Re-registration of Handicapped Voters (H.3253, Rep. Rudnick). Any voter who has a permanent handicap who is transferring his voter registration to a barrier-free polling place would not have to re-register, under provisions of this bill.

Lawyer Disclosure (H.3254, Rep. Meacham). Under this legislation, any public official who is an attorney would have to disclose all fees paid to his or her firm which involve a state agency.

Teen-age Blood Alcohol (H.3262, Rep. Hayes). Under this bill, anyone under the age of 21 who drives with a blood alcohol level of .02 percent would be guilty of a misdemeanor punishable by a minimum of 80 hours public service.

Legislative Update, January 22, 1991

Anyone under 21 who drives is considered to have given consent for the blood alcohol tests. Anyone who refuses the test would have his or her license suspended for a year. If the teen-age driver records .02 percent or greater, his license would be suspended by the Highway Department for one year. Under these circumstances if the teenager does not have a license, he would be denied issuance of one for one year.

Labor, Commerce and Industry

Dispensing Gasoline to Disabled Drivers (H.3257, Rep. Rudnick). Under this legislation, service stations would pump gas for handicapped drivers, at their request, and would charge them the self-serve price and not the full service price.

Ways and Means

Immunization of Preschoolers (H.3235, Rep. Boan). Under this legislation, the General Assembly would appropriate sufficient funds through DHEC to ensure that all pre-school aged children receive the immunization shots required for public school entry.

Additional Legislative Help (H.3249, Rep. Rudnick). This proposed change would allow legislative aides to work in the House members' districts. Currently, aides may only work for House members in Columbia.

Repeal of the Local Option Sales Tax (H.3251, Rep. Rudnick). This legislation would repeal the Local Sales and Use Tax passed by the General Assembly last session. The provisions of this legislation would apply only to those counties that did not approve the local option sales tax during last November's statewide.

Legislative Update, January 22, 1991

House Standing Committee Officers and Subcommittees

Agriculture, Natural Resources and Environmental Affairs

Chairman	Rep. L. Edward Bennett
1st Vice Chairman	Rep. Thomas N. Rhoad
2nd Vice Chairman	Rep. Danny M. Bruce
Secretary	Rep. Kenneth Bailey
Chairman Emeritus	Rep. John J. Snow

Wildlife Subcommittee

Rep. Thomas N. Rhoad, chairman
Rep. Kenneth E. Bailey
Rep. L. Edward Bennett
Rep. John J. Snow

Agriculture Subcommittee

Rep. John J. Snow, chairman
Rep. L. Edward Bennett
Rep. Danny M. Bruce
Rep. Thomas N. Rhoad

Environmental Affairs Subcommittee I

Rep. Charles R. Sharpe, chairman
Rep. Maggie W. Glover
Rep. Stephen E. Gonzales
Rep. Harry M. Hallman Jr.
Rep. Rebecca D. Meacham
Rep. Candy Y. Waites

Legislative Update, January 22, 1991

Environmental Affairs Subcommittee II

Rep. C. Lenoir Sturkie, chairman
Rep. Kenneth S. Corbett
